

## A HOME AWAY FROM HOME

The Walter Lawson Children's Home is a well-designed residence for children who are profoundly disabled.

Our outstanding developmental programs focus on a broad spectrum of special needs in an environment that is friendly and nurturing. Our comprehensive educational and nursing programs stimulate learning, growth, and self-help skills.

*Welcome to my home!*

## ADMISSION POLICIES

Admission to the WLCH is not restricted on the basis of race, creed, sex, or national origin. Prospective residents are eligible for various state and federal aid programs designed to defray the cost of care. We provide services to non-ambulatory children whose medical conditions and developmental challenges prevent them from living in a less restrictive environment.

WLCH is licensed and accredited by the State of Illinois as a skilled pediatric facility for the care of children with developmental disabilities.

Educational programs are licensed/certified by: Illinois State Board of Education, Illinois Department of Human Services, and Rehabilitation Accreditation Commission.

## MISSION STATEMENT

*"Every individual is unique  
and has the right to develop  
to his/her fullest potential."*
